

Lorna, pictured far right, went through the Lenses Institute in Phoenix, AZ (Feb.28-Mar. 3). She became a certified cross-cultural trainer. She will help conduct cross-cultural training for Cru staff across the nation in future months.

During Lorna's training the thirty trainees visited the Heard Museum that showed the history of Native Americans and how the American settlers not only took their land but tried to change their culture. Lorna is standing by four Native women representing four different tribes.

Dirke with the Korean Campus Crusade for Christ staff in Los Angeles.

March 5-10th Dirke taught a Bible Study Methods class to our Korean staff at their U.S. Nat'l headquarters. It was a two week class condensed to one week. He led lectures and workshops all morning and afternoon for five days. It was well received. Below, the four staff that helped him for the week treated him to a delicious Korean meal.

Prayer & Praises

- Pray for Lorna in the midst of track season coaching the athletes and providing academic tutors that God would give opportunities to minister spiritually.
- Also, pray that God would show Lorna the right property to set up the athletic training academy on and the donors to invest in it.
- Pray for Dirke as he preps for his April team development coaching of Cru staff globally via the internet. The end of May he will be in South Africa doing the same training.
- We praise God that our daughter, Briana was one of the hair stylists at Kayne West's fashion show in NYC. Recently she was privileged to cut and style the hair of Cassie Baker, a guest on the Rachel Ray T.V. show. At 66 yrs. of age, Cassie had never worn make up, or, had her hair styled. It was amazing to see her reaction when she saw herself in the mirror for the first time.

Dirke & Lorna
